### Sand Island Dock Closed Due to Storm Damage

Sand Island – The public dock at East Bay on Sand Island received extensive damage due to recent storms. As a result, it is unsafe and has been temporarily closed. This is the northernmost dock on Sand Island and is closest to campsites 1 and 2.

We are hopeful that temporary repairs can be made until the dock is replaced, however, it may not be repairable. The park is currently scheduled for dock replacement funding in 2015.
